

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

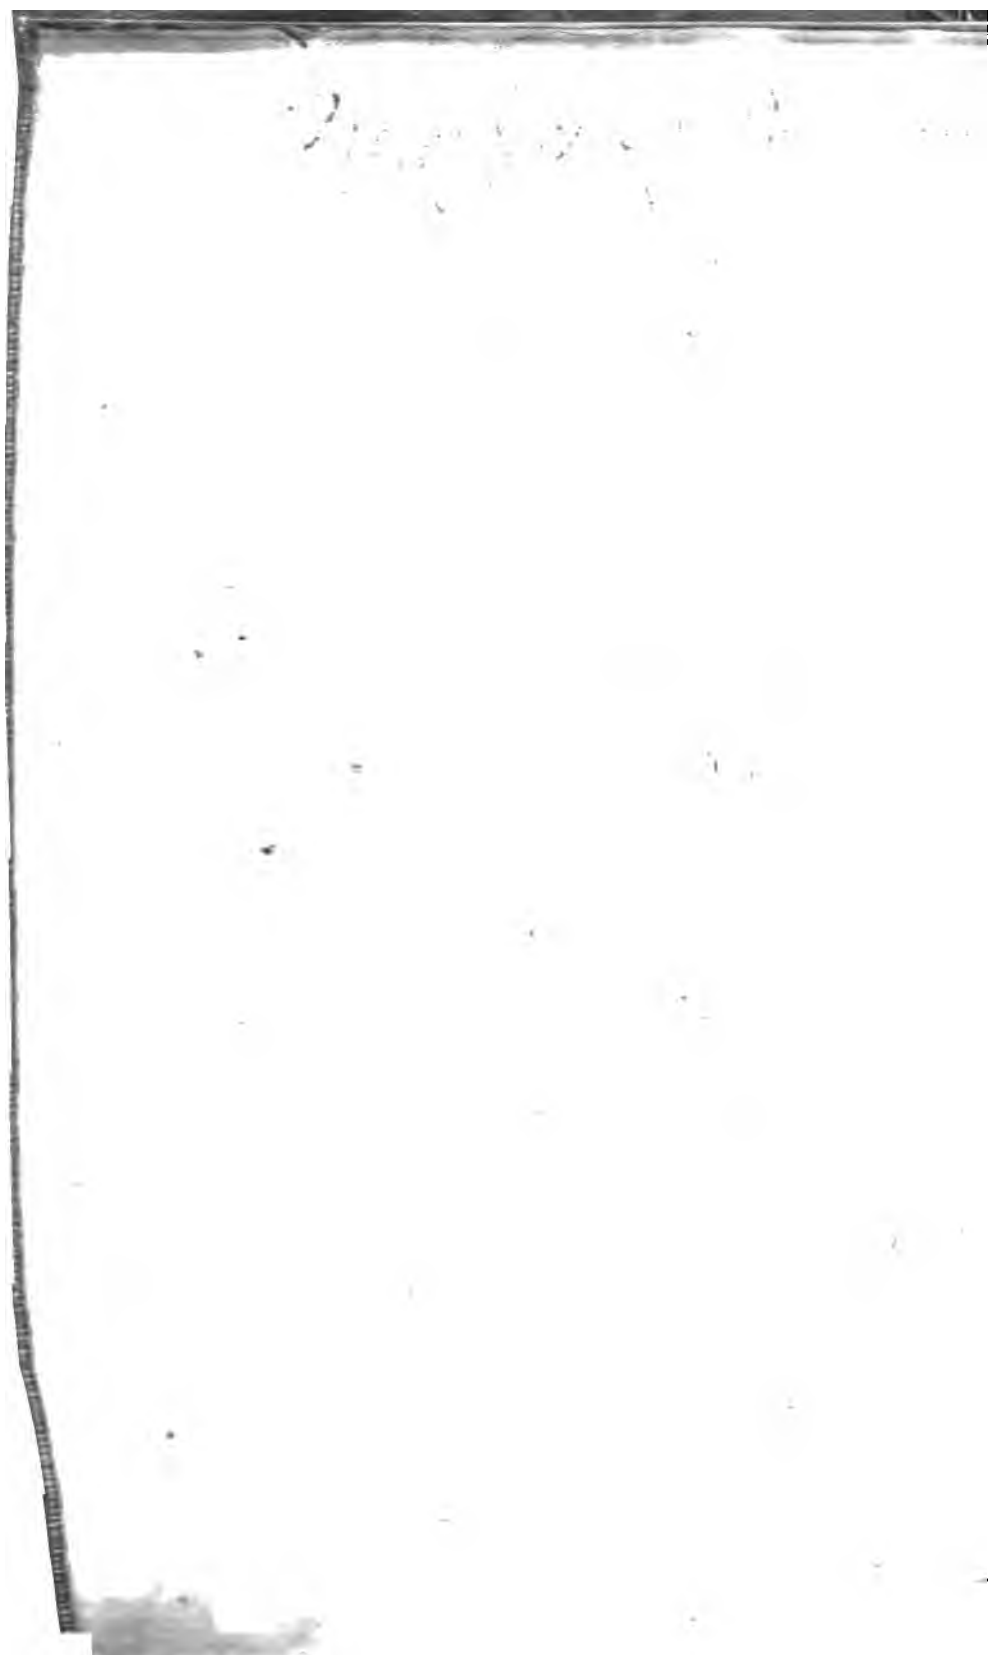

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

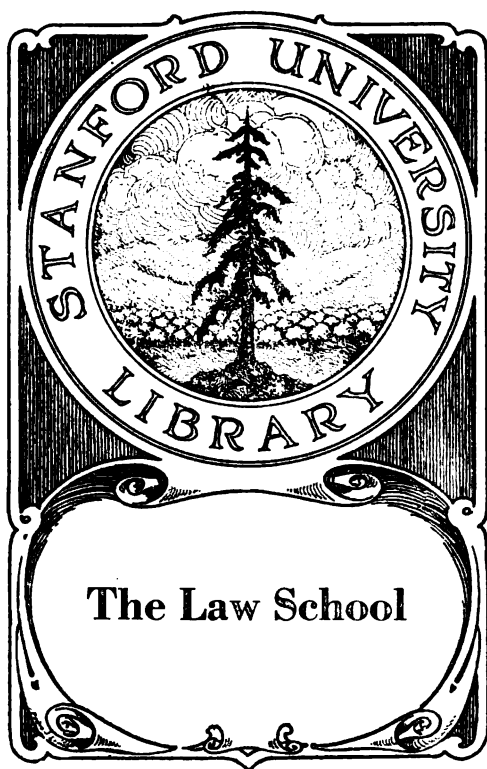

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

11. *And be it enacted*, That if at any time the said corporation shall neglect or refuse, on demand being made at their banking house, during the regular hours of business, to redeem in lawful money any of the bills or notes issued by said corporation, and which shall then be due and payable, the said corporation shall thereupon, under pain of forfeiting its charter, wholly discontinue or cease from banking operations until such bills or notes shall be fully paid, and shall, until such bills or notes shall be fully paid, be deemed and considered insolvent.

Assets liable for redemption of bills.

12. *And be it enacted*, That if the said corporation shall at any time hereafter become insolvent, the whole assets of said corporation at the time of its becoming insolvent shall be first liable for its bills or notes then in circulation, and shall be first applied to the payment thereof; and in case of a distribution of the assets of said corporation among the creditors thereof, under the order or decree of the court of chancery

17. *And be it enacted*, That the bills or notes issued by said corporation shall not at any time exceed double the amount of its capital stock actually paid in; and if the president or cashier thereof shall knowingly or wilfully issue, or cause or suffer to be issued, bills or notes of said corporation exceeding double the amount of its capital stock actually paid in, such president or cashier shall be deemed guilty of a misdemeanor, and on conviction thereof, shall be punished by imprisonment, not less than one year nor more than five years, in the discretion of the court.

Monthly
statements
to be made.

18. *And be it enacted*, That it shall be the duty of said corporation, on the first Monday of every month after commencing the business of banking, to publish, in at least one newspaper in the county of Warren, a statement, under oath or affirmation, of the actual condition of said corporation, conforming as nearly as may be with the annual statement

NUMBER VI.

Joint resolution relative to the construction of a breakwater at Cape May.

WHEREAS, certain resolutions were passed by the legislature of this state in the session of eighteen hundred and fifty-three, and at other sessions prior thereto, requesting our senators and representatives in congress to use their efforts to obtain an appropriation towards the construction of a breakwater harbor at Cape May, which have thus far resulted in no measures on the part of the general government in furtherance of that all-important object; and whereas the coasting trade connected with the river Delaware has materially increased since the time referred to, and still continues thus to do, and it is positive that the amount of vessel property engaged in the coal carrying ^{Preamble.}

business alone, would fully warrant such an appropriation, from the fact that there is a greater amount of tonnage engaged in this business than in any or all others taken together; and whereas the construction of a breakwater near Cape May could be made at a cost not exceeding one-fourth of the amount already expended on the breakwater near Cape Henlopen, (as by reference to the survey made by Major Bache, of the topographical engineer corps, in the year eighteen hundred and thirty-six, will more fully appear), and that said breakwater would afford a more ample and important harbor, not only to vessels entering and departing from the Delaware bay, but also to those passing along our coast in tempestuous weather, and is imperiously called for by our fellow citizens along the whole Atlantic coast of the United States, interested in the coasting trade, and out of the track of coasting vessels north of Cape May, and very difficult of access in thick and stormy weather—therefore,

Act for ap-
propriation.

1. BE IT RESOLVED *by the Senate and General Assembly of the State of New Jersey*, That our senators and representatives in congress be once more earnestly requested to use their utmost exertions to obtain during the present or the next session of congress, an appropriation for the commencement of a breakwater harbor on Crow shoal, in the Delaware bay, near Cape May.

members of
congress.

Copies for
governors.

3. *And be it resolved*, That the governor of this state be requested to communicate the same to the governors of Maine, Massachusetts, Connecticut, Rhode Island, New York, Pennsylvania, Delaware and Maryland, desiring them to lay the same before their legislatures, respectfully soliciting their co-operation in this measure.

NUMBER VII.

Joint resolutions relative to the improvement of the harbor at Absecom, Great and Little Egg Harbor Inlets.

WHEREAS, the extreme cold of the present winter, by the production of large quantities of ice in the rivers, bays and harbors of the Atlantic coast, has seriously impeded, and in many cases totally prevented the navigating of the same, to the great loss and damage of the community, and shown the necessity of providing, if possible, more harbors convenient and accessible at all times; and whereas, the harbors of Absecom, Great and Little Egg Harbor have inlets seldom or never obstructed by ice, easy of access at all times, and constantly in use as harbors of refuge for large numbers of coasting vessels; and believing that said inlets and harbors can be improved and made available for the use and safety of a large number of vessels, if properly improved, therefore,

Preamble.

1. BE IT RESOLVED by the Senate and General Assembly of the State of New Jersey, That our senators and representatives in congress be instructed to use their influence to obtain appropriations for the improvement of the above inlets and harbors.

Appropriation for improvement.

2. And be it resolved, That the governor be requested to forward to each of our senators and representatives in congress, a copy of the above resolutions.

NUMBER VIII.

Joint resolution granting to the clergymen of the city of Trenton certain privileges.

Privilege to
clergymen.

1. BE IT RESOLVED *by the Senate and General Assembly of the State of New Jersey*, That the clergymen of the city of Trenton are hereby granted the same rights and privileges to use the books and papers belonging to the state library, as are now enjoyed by the legal profession.

Passed March 11, 1856.

 NUMBER IX.

Preamble.

WHEREAS, a treaty was concluded in the year eighteen hundred and fifty, between the governments of Great Britain and the United States, commonly called the Clayton and Bulwer treaty, binding both governments, and containing, among other stipulations, these—"neither will occupy or fortify, or colonize, or assume or exercise any dominion over Nicaragua, Costa Rica, the Mosquito Coast, or any part of Central America;" "neither will use any protection, which either affords or may afford, on any alliance which either has or may have to or with any state or people, for the purpose of erecting or maintaining any such fortifications, or of occupying or colonizing Nicaragua, Costa Rica, the Mosquito Coast, or any part of Central America, or of assuming or exercising any dominion over the same;" and whereas, the government of Great Britain has hitherto failed to comply with the above stipulations, under the plea that the treaty does not mean what its language plain-

ly expresses; and whereas, the government of Great Britain has, through its agents and officers, attempted to enlist men for its military service within the territory of the United States, in violation of our laws and derogation of our sovereignty; therefore,

1. *BE IT RESOLVED by the Senate and General Assembly of the State of New Jersey*, That New Jersey will sustain the national administration in maintaining that construction of the Clayton-Bulwer treaty plainly expressed in its language, or in abrogating said treaty entirely.

2. *And be it resolved*, That if the government of Great Britain should refuse to make such reparation and apology as the occasion requires, then a due regard for the honor and interest of this country requires a prompt dismissal of those officials who have abused their privileges by attempting to enlist men within the territory of the United States.

Passed March 13, 1856.

NUMBER X.

Joint resolutions for the better preservation of life and property, and the more effective working of the government apparatus on the New Jersey coast, between Sandy Hook and Cape May.

WHEREAS, the government of the United States has, from Preamble. time to time, made appropriations for promoting the safety of commerce and the preservation of life and property on the sea coast of this state, thereby acknowledging the constitutionality and obligation of such appropriations, and while the state of New Jersey fully appreciates the appropriations thus made, relieving the state in part of the op-

pressive burden it has been laboring under too long; yet, the large and increasing number of emigrants, and amount of government property cast annually upon our shores by shipwreck, which with adequate means might be saved, demand still larger and regular appropriations; and whereas, the proportion of vessels belonging to this state, compared with those from all the other states and from foreign ports, wrecked upon the New Jersey coast, is about as one to eight, that is to say, out of every one hundred vessels wrecked, only about eight or ten properly belong to New Jersey, by which an unjust and heavy tax is imposed upon the state, in saving life and burying the dead from all nations; and whereas, Hon. John R. Thomson, United States senator from this state, has introduced a resolution, enquiring "whether any and what means in addition to those already adopted are advisable, more promptly and effectually to afford aid to shipwrecked vessels" on the coast of New Jersey; therefore,

Amount of
appropriations.

1. BE IT RESOLVED *by the Senate and General Assembly of the State of New Jersey*, That our senators and representatives in congress be respectfully requested to urge the passage of an act making such appropriations for the better preservation of life and property, and the interment of the dead cast upon the shores of this state by shipwreck, as will pay all the expenses incurred in the same, as follows:

Joint resolutions relative to the case of Wm. R. Montgomery, late a Brevet Lieutenant-colonel in the United States army.

WHEREAS, William R. Montgomery, a native of this state, late a brevet lieutenant-colonel in the United States army, was recently dismissed the service, upon conviction by a court martial, on certain charges preferred against him; and whereas, it is represented that said William R.
